Keep your investment protected with the custom-fit FH Group Honda Pilot seat covers.

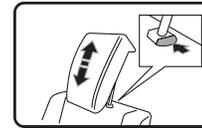

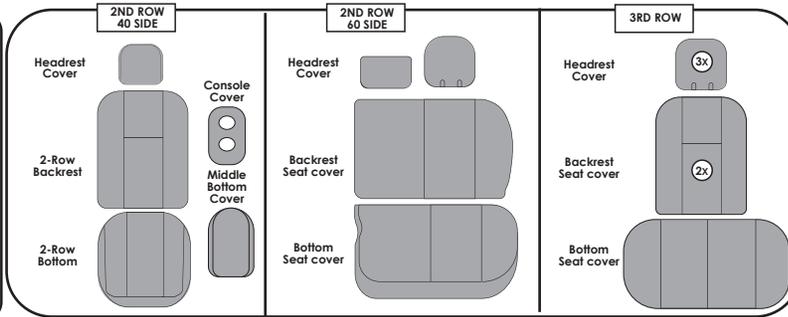

CM5027 2ND & 3RD ROWS

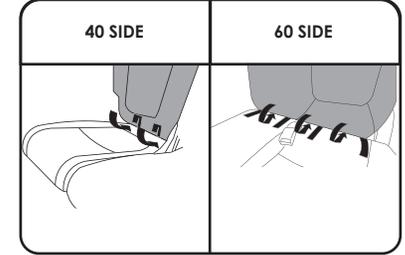

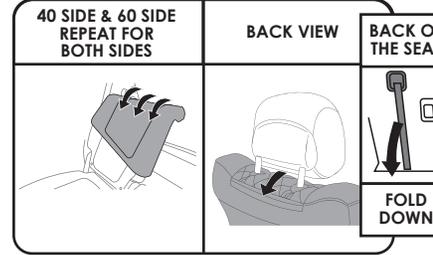

Video instructions are available at <https://www.fhgrouppauto.com/product/neoprene-custom-fit-seat-covers-for-2016-2022-honda-pilot-full-set/>

Warning

- Machine wash cold, delicate cycle. Air dry only.
- Avoid sharp objects to protect covers from being scratched/damaged.
- We suggest wearing protective eyewear and gloves during installation.

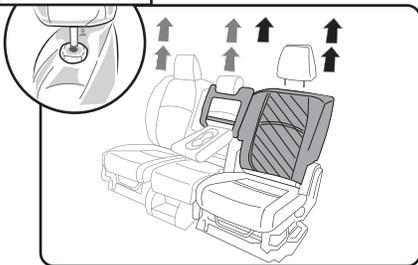

REMOVE ALL THE HEADRESTS OF THE 3-ROW SEATS

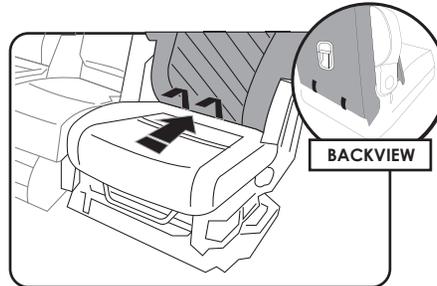

5 Slide the 3-Row backrests covers over each backrest. Once the covers are on, close the headrest opening using the hook-and-loop attachments.

6 Push the straps through the seat crevice, and position the straps to the back of the seat.

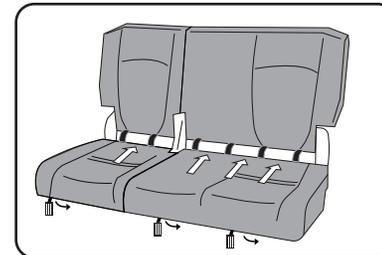

REMOVE HEADRESTS

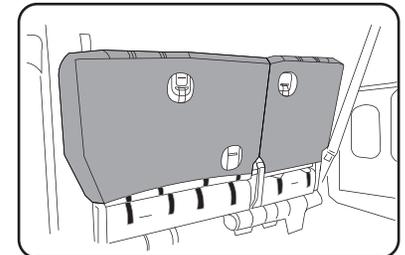

1 To start, remove the headrests by pushing the release button at the base of the headrests. Then, slide the backrest cover 60 side onto the seat and zip the cover together.

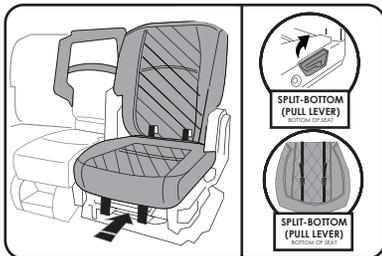

2 Push the straps through the seat crevice, and position the straps to the back of the seat.

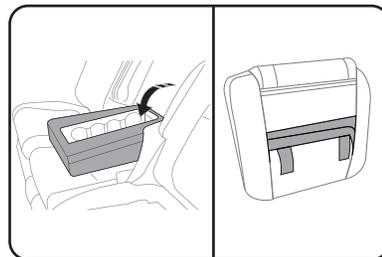

7 Place the bottom seat cover on the seat and push the hook-and-loop straps through the seat's crevice. Then, insert the 3 front plastic push clips in between the seat.

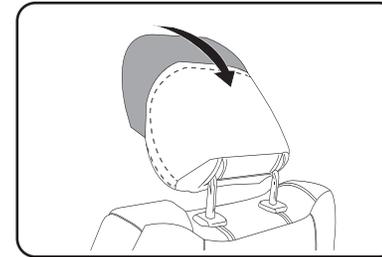

8 From the back of the 3-row bench, attach all the covers' hook-and-loop attachments directly to the seats upholstery as shown in the image.

3 Place the bottom seat covers on your car seat and push the buckle straps through the seat crevice. Then, connect the front and rear buckle straps underneath your seat. Please repeat the same process to install the other 2-Row bottom seat cover.

4 Slide the center console cover over the console following its contour and close the cover together using the hook-and-loop attachments.

9 Reattach all the headrests and slide over the headrest covers.

10 Finally, slide every armrest cover over each armrest, and enjoy your new custom-fit seat covers!
